Re: Bobby Whitworth – Letter of Recommendation

To whom it may concern:

I have practiced law for nearly 30 years focusing primarily on construction litigation cases. Recently, I had the pleasure of working on a case with Bobby Whitworth of Richard Avelar and Associates. Bobby served as an expert witness on behalf of my client who was a general contractor in a home remodel dispute. I was impressed with Bobby's professionalism and his ability to recall relevant facts and timeline issues which were germane to the case. Bobby provided a fair and insightful opinion on the issues in the case and was instrumental in the successful resolution of the matter. I was also impressed with Bobby as a witness during the taking of his deposition. Bobby's attention to detail was readily apparent as opposing counsel was unsuccessful in his attempts to "trip up" Bobby and try to water down his opinions. I will not hesitate to retain Bobby on any future construction litigation matters to serve as an expert witness.

Sincerely,

Dana R. Corey, Esq.
